Waiver Release and permission to use photographs and video for promotional purposes

I assume responsibility for any personal injury and/or loss which may result from participation in all activities of the Wichita Ice Center. The skater and parent(s)/guardian(s) will not hold the City of Wichita, Wichita Ice Center, Genesis Health Clubs, LLC, Coaches, Owners, Sponsors, Agents or Employees liable for injury or loss which the skater may sustain while participating in any activity of the facility. I understand that any participant who causes damage or intentional injury will be suspended from the program without refund. I authorize the Wichita Ice Center to use photographs taken of me, or my minor child, during the Power Skating Classes at the Wichita Ice Center, for use without compensation, in publications related to the role and function of the Wichita Ice Center, such as, but not limited to, brochures, flyers, newsletters, display boards, newspaper articles, or the Wichita Ice Center website without notifying me. All programs are non-refundable after the initiation of the first session. I have read these terms and conditions and I agree to them.

IMPROVE YOUR SKATING TECHNIQUE & STEP UP YOUR SPEED!!!

ABOUT POWER SKATING

Our Power Skating Classes for Hockey Players program will focus on allowing each skater (5 years and older) to hone in on their skating technique. The drills and techniques worked on during class will ensure each skater learns to move faster and be more agile on the ice. The focus of power skating is to use the appropriate technique to obtain maximum speed with minimal strokes. All techniques will be taught without a stick initially and then we will combine the stick and technique together for a complete package.

Our goal is to allow each participant to receive guidance on what can improve their stride and power on the ice to ensure each player has the fastest feet with the endurance needed to last through each game. Each coach will reinforce the skills taught and will use positive reinforcement while teaching each technique.

Groups will be broken down by age and ability.

Class Dates:
May 4-25, 2012 (Summer I)
June 8-29, 2012 (Summer II)
